Work Experience

Website & Gaming UX/UI Intern
Castix LLC - Project Medieval Lands

September 2023 - Present

- Collaborate closely with the development and design teams to create a website that effectively promotes the upcoming game launch.
- Prioritize user experience by considering navigation, interaction flows, and accessibility.
- Perform a competitive analysis of other game-related websites to identify industry trends, best practices, and innovative design approaches.

UX/UI Design Lead Intern
SereneX LLC - Cognitive Behavior Research for Healthcare

August 2023 - Present

- Collaborate with the design team to create visually appealing and user-friendly designs for web and mobile applications. Assist in the development of wireframes, prototypes, and mockups.
- Support the design team in implementing design changes and improvements based on feedback and user testing.

- Contribute to the creation and maintenance of design assets, style guides, and other design-related documentation.
- Stay up-to-date with design trends, industry best practices, and emerging technologies.

Filipino Advocates for Justice

March 2022 - Present
